Main Ingredients

**LACTOCOCCUS
LACTIS**

**LACTIC ACID
BACTERIA**

**BIFIDOBACTERIUM
LONGUM**

**TAKARA KOMBU
FUCOIDAN**

SALMON DNA

Contains active ingredients, most of which are nutrients for the ecosystem of your digestive system. This is because the Japanese recognize that digestion is the number one priority to focus on before addressing other aspects of the body. With a healthy digestive system, all nutrients can be absorbed optimally.

Signs of your intestines are dirty:

Easily tired, &
Unfocus

Difficult to
lose weight

Irregular bowel
movements

Poor health
condition

Premature Aging
& Skin Irritation

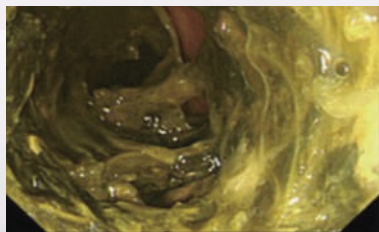

Skin
Infection

Food
Allergy

When was the last time you cleaned your intestines?

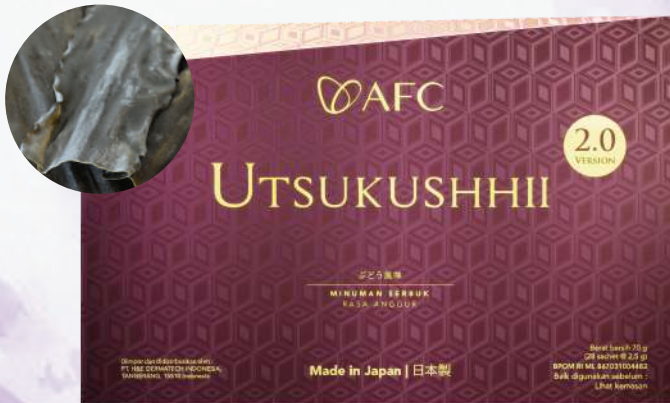

Before consuming Utsukushii

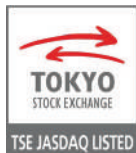

After consuming Utsukushii for 4 weeks

UTSUKUSHHII GOLD

Miracle from the Sea

Utsukushhii Gold is one of the most popular products in AFC. The Japanese believe, our intestines are the most important organs that works the hardest everyday. Also in Utsukushhii Gold, we have 3 strongest Probiotics that could help you boost the intestines health. Utsukushhii Gold have 1 more strong and complex ingredients that can help your body to fight abnormal cells, named Takara Kombu Fucoidan.

Established in 1969, AFC Japan is one of the oldest and largest
PHARMACEUTICAL COMPANIES IN JAPAN.

- The first pharmaceutical company listed on TOKYO STOCK EXCHANGE
- **FIRST** Japanese pharmaceutical factory to get **GMP CERTIFICATE**
- AFC has **5 BIG FACTORIES IN JAPAN**

Extremely strict ingredient selection process:

Japan is very famous for its technological sophistication. Every product produced from Japan has been through research and supported by the technology sophistication. Making Japanese products known to have the best quality with exceptional results.
